

# Whitegates - The History

*In 1966 the Grainge family began Whitegates Nursery as a market garden growing mainly soft fruits, salads and plants. Over the years the business has evolved and changed but still has the growing nursery at its heart today with thousands of plants grown here on site. Jonathan is the third generation of Grainge's to head the business following on from his Dad, Bryan and Grandad, Albert.*

*Whitegates is still very much a family run business with over 50 team members. The 'Whitegates Family' ethos is to provide good service in a warm, friendly environment.*

*Jon's wife, Claire is Whitegates Catering Manager and leads a team with a wealth of experience in the hospitality industry. Our Café serves delicious homemade food in a beautiful setting.*

*We hope you enjoy your visit to us today.*
